PROBLEM STATEMENT

In the modern digital era, students and professionals require an efficient way to showcase their skills, projects, achievements, and experiences to potential employers, educators, and peers. Traditional paper-based portfolios are limited in accessibility, interactivity, and presentation. They cannot be easily updated or shared globally.

PROJECT OVERVIEW

This project is a personal portfolio website developed for Sabi.S
It highlights education, skills, certificates, extracurricular achievements, and contact information in an interactive and visually appealing design. The portfolio is fully responsive and deployed on GitHub Pages for public access.

WHO ARE THE END USERS?

Recruiters → To evaluate skills, certificates, and academic achievements.

Faculty / College Evaluators → For project assessment and showcasing student achievements.

Peers and Collaborators → To connect and collaborate on projects.

General Audience → To know about Pavithra's journey and capabilities

TOOLS AND TECHNIQUES

Frontend Framework: React.js
Styling: CSS, animations
Other Libraries: react-icons, typed.js,
AOS animations
Version Control: Git & GitHub
Deployment: GitHub Pages

POTFOLIO DESIGN AND LAYOUT

The portfolio follows a modern single-page scrolling layout with sections:

Home (Hero) → Animated introduction with glowing effects and profile photo.

About → Personal introduction, education details, and career goal.

Skills → Display of technical skills with logos and animations.

Certificates → Achievements displayed with pop-up view and download option.

Sports → Section highlighting extracurricular activities with images.

Contact → Direct links to email, GitHub, and LinkedIn.

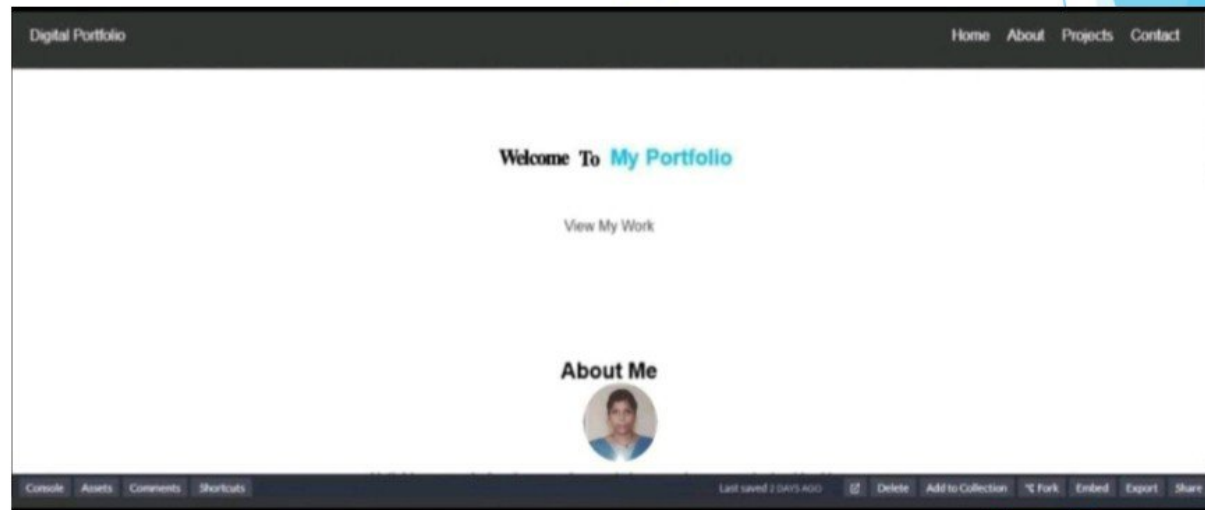

Footer → Clean copyright and quick links

FEATURES AND FUNCTIONALITY

Features and Functionality

1. Animated typing effect for introduction.
2. Floating glowing decorations for modern design.
3. Profile photo with animated circular border.
4. Certificates displayed as cards with pop-up view and download option.
5. Sports achievements showcased with images and descriptions.
6. Smooth scroll navigation with navbar.
7. Fully responsive (works on desktop and mobile).
